Mr. L. L. Hunter  
Assistant Commissioner of Design & Construction  
Public Buildings Service  
General Services Administration  
Washington 25, D. C.

Dear Mr. Hunter:

The contract for the superstructure of our headquarters building requires the cornerstone and certain other related work to be completed in the month of August 1959. For your information we are now planning to hold a cornerstone laying ceremony in October.

We have reviewed the preliminary prints of Harrison & Abramovitz drawings 23-1, 23-2, and 23-3 indicating at full size the lettering to be inscribed on the cornerstone and find them to be satisfactory. It is therefore recommended that these detail drawings be approved and issued to the contractor in order that the finished cornerstone can be set in accordance with the above schedule.

Sincerely,

STATINTL
